Comment	She really needed to file Assign/Split of ChROE, not change application. SPLIT done so we can get rid of this unnecessary change app.

FISCAL & BUDGET

To whom it may concern,

I am respectfully requesting a change of my CS4-MVID @ 85 water rights. I have had excavation, pipelines and service run to the wells on Lot 2 and Lot 3. I have contracted with and paid the Okanogan PUD, an Electrician, and well services for work necessary to proceed with and develop a delivery system necessary to exercise my water rights.

As you can see by the enclosed map, my CS4-MVID @ 85 water rights are currently on property I previously owned with my ex-husband, William A. Lange. We are recently divorced. In the divorce settlement, I received Lot 2 and Lot 3.

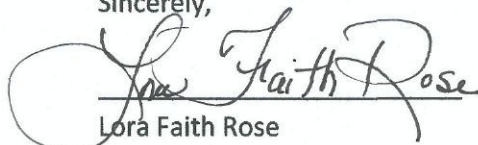

Referencing this map, Lot 3 has 5.09 acres of water rights, while Lot 2 has only a small strip of CS4-MVID @ 85 water rights. The remainder of my CS4-MVID @ 85 water rights are currently distributed on land I don't own. It is therefore impossible to exercise my water rights.

I respectfully request that my CS4-MVID @ 85 water rights remain unchanged on Lot 3, but that the remainder of my CS4-MVID @ 85 water rights, be changed to Lot 2. As you can see on the enclosed map, my CS4-MVID @ 85 are distributed on land which is not owned by me (at the corner of Hwy. 153 and Ross Rd. shown as the triangular piece). This change will insure that my CS4-MVID @ 85 water rights will be made available on Lot 2 & Lot 3, to be exercised by me per Department of Ecology requirements.

I have enclosed the Application fee of \$50.00

Thank you for your consideration in this request.

Sincerely,

Lora Faith Rose
